# WHY TO CHOOSE MOBILE LED SCREEN

**Mobile LED screen  
= Money saving**

Thanks to LED display trailer you need fewer people to prepare and maintain the screen. Most noteworthy you can offer better rates for your clients. If you already have many events scheduled, mobile LED screen is a win-win solution.

**Investment can pay for  
itself after just one year!\***

*\* Depends on a number of events  
per year and trailer type.*

# About Screen-LED company

**15**

**Years in the LED screens business.**

Our experience allows us to look more broadly at the solutions we propose. The past has taught us a lot, so our company is very stable.

**320**

**Mobile LED screens made.**

More than a quarter of a thousand mobile LED screens are a solid portfolio. Our products work in both hot and cold regions of the world.

**34**

**Countries we deliver our products.**

Our trailers have been road-approved in so many countries that you will probably register them wherever you want. We also have experience in organizing transport that will not damage your product.

dated in September 2022

We make it simple by smart engineering.

**Our goal is to make your work easier. We focus on it when we create mobile LED screens.**

Functionality, usefulness, and reliability – focusing on these features allow us to create innovative and useful solutions. Each range of products we deal with was initially created for our needs. By creating mobile LED screens based on needs – our work solves customer problems. We want your investment to be profitable for you because your satisfaction is also our satisfaction.
